Summary of the US trip of the CSN National director.

I, Jacques Ebhele, the CSN National director, had a wonderful trip to the United States from April 14 to May 10 promoting the Christian Surgical Network Ministry. I attended the Partners In Evangelism International meeting and met with the board members of CSN US Partnership Committee and potential supporters of our ministry. We also met many individuals interested in our project and willing to help either financially or visit us in Bunia someday.

I was able to go visit The Dalton Foundation at Cleveland, Medwish at Cleveland, Supplies Overseas (SOS) at Louisville and Methodist Medical Center at Knowville, who partnered with us in providing medical supplies and equipment. We also had fruitful meeting with the Community Coalition for Haiti (CCH) and The Tyndale House for potential support in the future.

With the help of our US Partnership Committee, our ministry has a 40 foot container full of supplies and equipment such as operating table, anesthesia machine, various surgical instruments, endoscopy machine, surgical gloves, sutures, etc.
