PIEI-UKRAINE

Establishing Partnerships with National Christian Missionaries

There are seven pastors missionaries who work in the PIEI mission. In 2017 every pastor has held a baptism in their local churches where they work. As a result of

their ministry **70 people accepted the Lord this year** and **40 of them received baptism.**

The PIEI missionaries organized ten **VBS** in different places where **700 children and youth**

had the opportunity to study the Bible. There was also a camp for youth at which **60 young people accepted the Lord.**

Pavel Petihachny, his wife Larisa and his daughter Angela visited regularly three orphanages, one in Chernauts and two in Hotyn, and taught the Bible. There are **600 of orphans in those orphanages who received food and Bible lessons.**

Pavel Petihachny and Gregory Postusak have taught Bible lessons to students at the ***Theological Institute in Chernauts***, preparing new disciples for the ministry in Ukraine. We also have a subsidiary institute in the war area of Luhansk and Donetsk. We prepare new workers in that area too by teaching them the Bible.

The PIEI mission organized ***two mega evangelisms in Novoselitsa town hall and one mega evangelism in Chernauts.*** At the end of those evangelisms three people accepted the Lord and have been baptized already.

Larisa, Pavel Peti-hachny's wife, held **three ladies' meetings** in Novoselitsa district where they spend worthy time studying the Bible and praying for the outreaches in their area, for the end of the war in Ukraine and for the sick.

The youth of Novoselitsa district gathered four times to study the Bible. There were around **100 young people at each meeting**. Pavel Peti-hachny preached at two of those meetings.
