

HHCM Newsletter

My name is Amini, I am married to Francine and God has blessed us with a son (Joel). In our previous newsletters we have presented ourselves I think enough, we believe by now you are getting to know more about us and what God is doing through us. If you would like to know more about us feel free to contact us by mail or social networks and we will get deeper. In the current newsletter instead I want to introduce to you two things. (Partner in Evangelism International (PIEI) and Hand in Hand for Christ Ministry (HHCM)) of course with some ministry updates.

Partners in Evangelism International (PIEI)

PIEI was founded in 1985; PIEI strives to connect national missionaries with the funding and support they need by establishing and developing close partnerships with American churches. By empowering the people God has already placed on the front lines, PIEI hopes to see His Kingdom thrive in all corners of the globe! It is good to note that Partners In Evangelism is an ECFA Accredited Ministry. More information about PIEI can be found on www.PIEI.org where the above was picked.

Hand in hand for Christ Ministry (HHCM)

In 2019 the Congo ministry with PIEI expanded to include ministry activities that we (Francine and I) are leading. These ministry activities operate under the umbrella name Hand in Hand for Christ Ministry (HHCM). These ministries include [Media Evangelism](#), [Marriage Counseling](#), [Victim Care](#) and [Pastor Training](#). All these four areas are in deep details on www.PIEI.org. I invite you to navigate on this site and get more information about the ministry and what exactly we do.

Ministry next big step

We want to announce to you great news that since March this year, PIEI has approved our ministry meaning I am considered as one of their missionaries. This is one big next step for us; we believe that God has taken the ministry to a different dimension for his glory. This approval means a lot to us, for example donors are now tax exempt as they donate and many other advantages linked to PIEI umbrella like connecting the ministry to America Churches or donors.

Ministry updates

This Year 2020 started well as far as the ministry activities are concerned. From March things did not go on as we planned, we believe what is going on though was on God's agenda for us and we take it with many thanks; for we know God does everything for the good of those who love him. As highlights: many counseling were done, be it conflict resolutions or marriage counseling, Open air evangelism as well were done early in the year and some needy were taken care of.

As the Covid 19 gets in the story, Ministry activities are now shaped differently to fit the current situation. As it is elsewhere, large gatherings are not allowed, making church meetings difficult since not everyone meets the internet's requirements to follow services on internet. However as Paul says he is used to be happy with what he has, we as well are making use of what we have to make sure that even in such times the Gospel is preached. To mention a few, we have been organizing seminars and Sunday service through the radio in partnership with the Mboligihe Radio ministry, we have been using phone texting to communicate to People the word of God and some printings as well are distributed. We do these trusting in the Lord for an end to this pandemic and soon get back to our normal activities.

Prayer requests

- As you can notice HHCM is a new ministry under Congo ministry with PIEI, let us pray for God to bring more donors,
- As the Covid 19 situation has not been mastered yet, let us pray so that God will lead us to fight it well and return back to normal life. For such times like these many believers who are not deep in faith do easily backslide.
- HHCM needs a digital camera that will allow us get on the media with the Gospel but also share with you quality images of what God is doing over here.
- PIEI is organizing its 35th anniversary this year November. And they wish to have all missionaries. Let us pray for traveling means, traveling documents and also for good health (of course if there are no major changes due to Covid 19)

We want to end this newsletter by thanking first the Lord for his grace and love toward us. At the same time we would like to thank you for contributing in one way or the other toward the Preaching of the Good News through HHCM. May the Lord bless you and keep you on your engagement to continuously see the ministry go forward. On the next page is the ministry proposal Budget, and some accounts' information. (Notice it has not included the camera and traveling expenses to the anniversary)
