PIEI-UKRAINE

Establishing Partnerships with National Christian Missionaries

PRAISES/PRAYER REQUESTS

1. Seminary students are learning how to preach and do God's work
2. Ukraine nationals participated in a PIEI missions conference in Romania
3. Pray for upcoming summer camp and short term mission team
4. Churches celebrated Easter in April and used it to share the Gospel
5. Grigory Postusak preached on the radio regarding "Spiritual Advice"

Petihachny Pavel

In April I had a favorable time to share the Gospel to the unsaved people. At the beginning of the month I taught Homiletics at the Seminary in Chernaute, where I taught the students how to prepare a lesson or a sermon. At the beginning of the course the students had no idea how to make a sermon, but ten days later they could easily do that. Please pray for these students to become good workers on the Gospel field.

Also in April we organized an outreach in a village, Zhilovka, where there are a few believers. There came a lot of unsaved people to church and heard the Gospel. At the end of the outreach there were many who wished to come to church

again. The pastor of this church is young and needs our support so that many would hear the Gospel and come to repentance in this village.

At Easter we organized an outreach in Nesvoia church where there came a lot of visitors to hear the Gospel. Our youth and the choir had a special Easter program of songs and poetry.

All PIEI missionaries from Ukraine were invited to Romania at a PIEI conference organized by our

Romanian brothers in Alba Iulia. We enjoyed the fellowship with our Romanian and American brothers and listened to a lecture about evolution and creationism. We have learned a lot of interesting facts that we didn't know before. Please pray for our ministry in Ukraine. Also pray for the PIEI youth camp that we are going to organize in July - August this summer. Let the Lord find those young hearts that indeed need a transformation and Jesus in their hearts. Pray for the American's and leaders' teams that will be involved in this work. Pray for God's protection during the camp, because in Ukraine there is still no peace, but we thank the Lord for we are guarded by his great power.

Love, Pavel and Larissa Petihachny

Gortopan Mihai

In April we were glad to serve our Lord through different works. It was a month full of holidays and occasions to praise His Holy name through songs and poetry. In April we celebrated the Annunciation, Palm Sunday and Easter. On these occasions we had special services at church and unsaved guests who had the opportunity to hear the Gospel. I wish God to work in their hearts.

Then I went to Romania at the PIEI international conference, where we enjoyed three blessed days with unforgettable beautiful moments and fellowship with brothers from Romania and USA.

Love, Gortopan Mihai

Vasil Preutesa

In April we celebrated three big holidays: Annunciation on April 7th, the Palm Sunday on 9th and Easter on 16th. On these holidays I talked to a lot of people of different ages, on the roads and at their homes. I asked them if they know the importance of those holidays, and why do they celebrate them and who's celebrating or who should be at the center of those holidays. I received different answers, and then I told everybody about God's love who gave His

Son to die for our sin on the cross. We talked a lot about customs and traditions and what should each person do to have Christ risen in their heart. I invited them to church where our youth had prepared special programs on those holidays. I pray for every person to whom I have confessed Jesus Christ the Savior of the world. I thank God for the few listeners who responded to my invitation and came to the Easter service at church. Please, pray for these two villages Vanchikauts and Fagadau and for people living there to repent. Pray for me too.

Thank you for your support. We pray for the American team that is coming in July – August for camp in Boian. We are looking forward to see you.

Love, Vasil Preutesa, pastor missionary in Fagadau – Vanchikauts

Postusak Grigory

I was glad to participate with my wife at the PIEI conference in Alba Iulia, Romania. It was a topic about creation taught by Dr. Terry. This topic is current because a lot of young people are attacked by the devil in many different ways through the Internet. We will translate the course into Ukrainian so we could continue to teach it to our youth. Thank you for your hospitality and for the wonderful fellowship at the conference.

In April we had a lot of outreaches at Easter held at church, in concert halls, on stadiums and in villages around Chernauts. There were beautiful services with wonderful praise and worship and strong sermons. We praise the Lord that many people accepted the Lord as their Savior. We pray for all of them.

I was on the radio at the weekly program "Spiritual Advice" and preached. I am glad that we get a lot of letters from the listeners.

We had two meetings at the Coffee House: one for young people and another for teens. We praise the Lord that many unsaved teenagers were present at the meeting for whom we pray to repent.

We started doing lessons with the youth who wish to get married and want to have a strong and a happy family.

Best regards, Pastushak Gregory

Valery Popov

By God's grace we could do God's work in April serving Him at church and out of it. We continue to follow the Bible so we could become better workers in spreading the Gospel.

The children had a meeting where they learned about Jesus' death and Resurrection. We had visitors at church during our services. We brought two more men, addicted to drugs, to the Christian rehab centre. Please pray for them to receive strength from the Lord so they could end with the sin.

Our church gave a lot of flowers to the town decoration. The administration stuff and the mayor thanked us for the gift. Doing that our church wants to get involved in the life of our town. Moreover our youth and the youth from other churches in Novoselitsa want to clean the areas in the town where the town cleaners can't reach.

Thank you for the organization of the conference in Alba Iulia, Romania where we were welcomed warmly and in a friendly way. The lessons at the conference encouraged us and helped us to grow in faith and trust our Creator and His word. May the Lord bless you!

Best wishes, Valerii Popov

Paskari Alexa

In April I made several outreaches with the occasion of Easter. An outreach we held at church and the others were in the concert hall of the village. Also we held an outreach in Novoselitsa concert hall. There were several people from the community at the outreach in Novoselitsa. We pray for them to repent.

I've finished the discipleship lessons with the candidates on Baptism planned this summer. We pray for this ministry.

Every Monday and Friday I do Bible study with the youth of our church. I am glad for the youth and the children willing to study the Bible. We pray for them to be protected from the evil and become good workers in the Lord's vineyard.

Love, your brother in Christ, Alex Paskar

Kioresko Grigory

We thank God for His protection and care during the past month in which we felt His endless grace and goodness. In April we celebrated Easter with joy as well along with other PIEI missionaries from Ukraine we went to a conference in Alba Iulia, Romania, where we had a great fellowship with the American and Romanian brothers and sisters. I praise the Lord for the wonderful time, useful lessons and the great fellowship in Romania.

I made twelve pastoral visits in April and preached at church. Every Thursday we have singing practice with the church choir and on Fridays the men of our church have a time of prayer and Bible study. We pray for the ministry that will be in October when a team of Christian doctors will come in our village to give free assistance to everybody in need as well to tell the people about God. Please, continue to pray for our village and for the ministry we do.

My family is well, we praise and serve the Lord through everything He blesses us. We thank the Lord for you and for your financial and spiritual support.

Love, Kioresko Gregory
