UKRAINE CAMP AUGUST 2016

This summer PIE-Ukraine had another opportunity to host summer camp. The camp is designed for both Christian and non-Christian kids to learn about Christ. We have provided you with a few pictures from this year. Several classes were offered to the kids, taught by a mix of Ukrainian Nationals and American teachers. One of the teachers who has faithfully taught at the camp for years was unable to attend this summer due to her health, please pray for her recovery
